**General Fire Hazards:** No unusual fire or explosion hazards noted.

#### Extinguishing media

**Suitable extinguishing media:** CO<sub>2</sub>, dry chemical, foam, water spray, water fog.

**Unsuitable extinguishing media:** Do not use water jet as an extinguisher, as this will spread the fire.

**Specific hazard arising from the chemical:** A solid stream of water will spread the burning material. Material creates a special hazard because it floats on water. See section 10 for additional information.

#### Advice for firefighters

## 6. Accidental Release Measures

**Personal precautions, protective equipment and emergency procedures:**

Personal Protective Equipment must be worn, see Personal Protection Section for PPE recommendations.

**Environmental Precautions:**

Avoid release to the environment. Do not contaminate water sources or sewer. Environmental manager must be informed of all major spillages. Prevent further leakage or spillage if safe to do so.

**Methods and material for containment and cleaning up:**

Dike far ahead of larger spill for later recovery and disposal. Pick up free liquid for recycle and/or disposal. Residual liquid can be absorbed on inert material.

**Reference to other sections:**

See sections 8 and 13 for additional information.

## 7. Handling and Storage:

**Precautions for safe handling:**

Observe good industrial hygiene practices. Provide adequate ventilation. Wear appropriate personal protective equipment.
